Cheltenham and Cotswold Hash G meets in 31 yrs.

CVH3 G meets in 12 months.

However, good to be back at the Daneway - normally closed on Monday evenings. But, had to be open for 100 customers. Felt sorry for anybody of the gen. pub. going for a quiet night out.

Carlos set a good trail taking a slightly different route to the previous eleven - the right sort of time and the right sort of distance.

Generally on getting back to the Daneway you are treated to warm, water down, flat experience bear with the wrong change from a rude land lord - but not the case - Richard was most convivial.

What we got back to was RA - Chelt & Cot. rambling on again for at least 1/2 hr. Then Timmy - GOM - fish fingers was allowed to speak - he was funny, but all of the CVH3 had gone home to bed - bored - as it was getting late! GOM introduced Dildo with the beags who promptly gave them to me, as I was still there, to award the sheeps hat. I awarded the sheeps hat - because he was still there - To Timmy - for been reticent before the hash.

The hash was too slow - because there were too many hashers - speeches too slow - " " " "

Speeches. The best bit was a round of spoof with Richard Good fellow at the end of the night.

CAMPING WEEKEND - 15-17 JUNE - WYE VALLEY.
