

CHURN VALLEY HASH HOUSE HARRIERS
MONDAY 25th JUNE 2012
Run:- 1548 CLOTHIERS ARMS STROUD.

Firstly what a smashing thought to take us up the canal, although a fair few of us heading in wrong direction from the start, well done Hare, you got us there....

Impressive work, an air of excitement from all on the scope of engineering and jealousy from some on our male hashers nipples, Lage..

The path was ideal and development complimentary, lovely to see friendly locals and canoes using what was once impassable.. Stallion what did you find in the lock!!! Geo

On to our second re-group where we all had a natter or got our breath back, also where the long + meds parted, onto the old part of canal with its new path upto stonehouse

church lock to swing across past stonehouse court Hotel and down to ebley Bypass. Eventually getting back to stroud and pub well done Hare for encouragement on such a long run. The medium runners were back but not ozzy and Liam who got lost and eventually turned up at Sainsburys...

I loved the run the scenery and the hashers. Thank-you Spud.

9th July TBC Aoril

16th July TBC Ormonde
