

# CHURN VALLEY HASH HOUSE HARRIERS

1635

Venue: The Convent South Woodchester

Hare: Mushtasless

Thirty brave and ardent Hashers braved the black ice and treacherous hill roads off Minchinhampton common to find The Convent Hotel & Spa, at South Woodchester. We gathered in a Walled car park of the old Franciscan St Clare's Convent. Interesting venue - Mushtasless was his usual eloquent self and Trail Master wished us well.

We were instructed to go to the Mansion and then return - it would only be fives miles for the shorts over hills, ice, mud and with very little flour - should be easy ! So how does it happen that we (the shorts) get lost in this

beautiful valley? It is a mystery. (Editors note: its because they talk too much).

Even following blameless and co wearing the bags the shorts were led us astray within the mile. Imagine the ignominy of having to ask the Ramblers the whereabouts of The Mansion? They told us we were on the wrong side of the Valley - truth be told we never got there and missed out on the mulled wine - so ends the walkers tale!!!

At a quiet apres the bags were awarded by Blameless to Blameless. Clearly he is a bounder.
