

CHURN VALLEY HASH HOUSE HARRIERS

Boxing Day Edition
DANEWAY SAPPERTON

Run No 1679

Due to the inclement weather that we have endured over the past few weeks it was jolly good to see so many hardy hashers for this Boxing Day meet. We even had hashers from London running with us.

Dick the Zip was so determined not to be late at least once this year he arrived in his pajamas – but the theme was Christmas! The Gom came in the ‘where’s willy tights’ under his Father Christmas dressing gown. The other Hashers were in their Christmas night caps. So there was a Christmas theme.

We must thank the Hares for being so brave and laying the trails for us in these watery fields of Gloucestershire. Claude admitted that he has had to run through water for at least five weeks.

Young Willow got more than she bargained for when she nearly got swept away in the fast flowing river but luckily Groper and GOM were to the rescue – what heroes. Thank you.

Aren’t we lucky to be able to still keep fit on Boxing Day and be out in the slippery mud, wading thro’ water up to one’s knees and getting absolutely soaked – oh joy.

Claude was confused by the ON ON markings on the way back surely they should have been ON ON He said!

As usual there was a warm welcome from Richard and the others at The Daneway and a good noisy après.

On on!
